HviewTech Group

The cradle of innovations

@hviewtech

Since 2015, we have provided premium software development services to over 10+ companies in East Africa. We have completed a wide range of development projects in tourism, transport, finance, entertainment, education, e-commerce and retail sectors.
This industry experience, combined with our expertise in the latest technologies, enables us to successfully adapt to our clients' diverse needs and makes HviewTech Group the best choice for software development.

OUR MISION

To enhance human lives through internet added-value services.

We are determined to build a company culture based on superior performance, success through teamwork, and rewarding career opportunities for our employees.

OUR VISION

Our vision is to develop in a constant manner and grow as a major IT service provider to become a leading performer, in providing quality Software Development solutions in the competitive global marketplace.
Our professional, flexible and integrated process reflects in what we do. We always guide our customers to success.

@hviewtech

Our Team

Mr.Patrice Nostalgie
CEO
Software Engineer

Worked as a software developer in China (Chengdu Software Park) where he has got much experience in software development.He believes that one line of code can change people's lives.

Our workforce is our most important asset. Going by the philosophy of **"Creativity at its Best"**, we strongly believe in making the work environment a delight for the team members. We are a growing team that works together in a stimulating environment providing high-quality cost-effective software solutions in the areas of Tourism, Transport, E-Commerce, Digital payments, Education and other utility services.

We follow CDIO principles
