

HviewTech Group, The Cradle of Innovations

We are hiring

## **Job position: UI/UX Designer**

We are looking for a UI/UX Designer to create both functional and appealing features that address our clients' needs and help us grow our customer base.

The responsibilities include gathering user requirements, designing graphic elements and building navigation components. To be successful in this role, you should have experience with design software and wireframe tools. If you also have a portfolio of professional design projects that includes work with web/mobile applications, we'd like to meet you.

### **Responsibilities**

1. Gather and evaluate user requirements in collaboration with product managers and engineers
2. Design graphic user interface elements
3. Develop UI mockups and prototypes that clearly illustrate how our products look like
4. Illustrate design ideas using storyboards, process flows and sitemaps
5. Create original graphic designs (e.g. images, sketches and tables)
6. Prepare and present rough drafts to internal teams and key stakeholders
7. Identify and troubleshoot UX problems (e.g. responsiveness)
8. Conduct layout adjustments based on user feedback
9. Adhere to style standards on fonts, colors and images
10. Take care of our social media accounts

### **Requirements**

1. Proven work experience as a UI/UX Designer or similar role
2. Portfolio of design projects
3. Knowledge of some wireframe tools
4. Up-to-date knowledge of design software like Adobe Illustrator and Photoshop
5. Team spirit; strong communication skills to collaborate with various stakeholders
6. Good time-management skills
